

R-10C

INSTRUCTION MANUAL

QFX

R-10C GUIDE

How it works:

- You just crank it up to charge its battery.
- It's got a radio that automatically finds stations for you.

What it does:

1. Charges phones and other gadgets.
2. Lights up for you.
3. Picks up radio stations easily.
4. Makes a loud noise if you need help.
5. Doubles as a flashlight.

Its features:

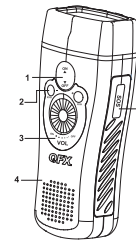

1. No need for batteries—just crank it up.
2. The radio has good sound quality.
3. It's light and works efficiently.
4. Simple to use.
5. Can help signal for assistance.
6. Handy flashlight function.

Radio: 1 minute cranking = 6 Minutes of usage (Moderate volume)

Lighting: 1 minute cranking = 20 Minutes of usage

8. CRANK COMPONENT

QFX

R-10C OPERATION

Lighting:

- Push the switch forward to turn on the light; push it backward to turn it off.

Charging:

- Hold the unit and crank the handle at a moderate speed to charge the internal battery. Lock the handle after use.

Charge for Mobile Phone:

- Connect one end of the charging cable to your phone and the other end to the device. Crank the handle to charge your phone.

Radio:

- Turn the radio on by rotating the volume knob clockwise. Use the "scan" button to find stations automatically. Turn it off by rotating the knob anticlockwise.

Notes:

- Adjust the volume for comfort. Avoid areas with poor reception or electrical interference.

Warnings:

- Push the warning button forward to activate the alarm; push it backward to turn it off.

Cautions:

- Pay attention to hand positioning while cranking to avoid injury.
- Crank steadily to charge efficiently and avoid damage.
- Crank for at least a minute per minute to maintain battery life.
- Keep the device away from extreme conditions and handle it carefully.

Follow these instructions to use your device safely and effectively.

MANUAL DE INSTRUCCIONES

QFX

R-10C GUÍA

Cómo funciona:

- Simplemente giralo para cargar su batería.
- Tiene una radio que encuentra estaciones automáticamente para ti.

Lo que hace:

1. Carga teléfonos y otros dispositivos.
2. Se enciende para ti.
3. Captura estaciones de radio fácilmente.
4. Emite un sonido fuerte si necesitas ayuda.
5. También funciona como linterna.

Sus características:

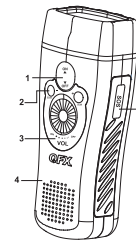

1. No necesita baterías, solo giralo.
2. La radio tiene buena calidad de sonido.
3. Es ligero y funciona eficientemente.
4. Fácil de usar.
5. Puede ayudar a señalizar para asistencia.
6. Útil función de linterna.

Radio: 1 minuto de giro = 6 minutos de uso (volumen moderado)

Iluminación: 1 minuto de giro = 20 minutos de uso

R-10C GUÍA

1. Interruptor de luz
2. Interruptor de FM
3. Perilla giratoria
4. Altavoz
5. Accesorio de luz circular
6. Interruptor de alarma
7. Cubierta de CC
8. Componente de manivela

QFX

R-10C OPERACIÓN

Iluminación:

- Empuje el interruptor hacia adelante para encender la luz; hacia atrás para apagarla.

Carga:

- Sostenga la unidad y gire la manivela para cargar la batería. Luego, bloquee la manivela.

Carga para Teléfono Móvil:

- Conecte el cable de carga al dispositivo y gire la manivela para cargar su teléfono.

Radio:

- Gire el botón de volumen para encender la radio y use el botón "explorar" para buscar estaciones. Apagúela girando el botón en sentido contrario.

Notas:

- Ajuste el volumen cómodamente y evite áreas con mala señal.

Advertencias:

- Presione el botón de advertencia para activar o desactivar la alarma.
- Mantenga el dispositivo en buenas condiciones y manéjelo con cuidado.

Siga estas instrucciones para usar su dispositivo con seguridad y eficacia.
