

BT-71

WHERE THE PARTY BEGINS™

INSTRUCTION MANUAL

BT-71

MODO DE CARGA

1. Conecte el conector tipo C del cable de carga USB al altavoz y el otro extremo al cargador o al ordenador para cargar la batería integrada.
2. Batería integrada: Conecte el cable de datos USB a la toma del altavoz para la carga de emergencia de dispositivos móviles y otros.
3. Carga de batería externa: Conecte el otro extremo de la toma de batería externa al puerto de carga.
4. Durante la carga, la luz roja del indicador luminoso se enciende y se apaga cuando la batería está completamente cargada.

PROTECCIÓN CONTRA BAJO VOLTAJE

El altavoz detectará el voltaje de la batería y emitirá un aviso sonoro de "Batería baja, cargue a tiempo" cuando sea inferior a 3,45 V. También emitirá un aviso sonoro de "Apagado" y se apagará automáticamente cuando sea inferior a 3,45 V.

No se realiza ninguna operación después de encender el altavoz; se apagará automáticamente después de 15 minutos y deberá reiniciarse para funcionar con normalidad. (Se recomienda cargar a tiempo o apagar la energía cuando el voltaje sea insuficiente).

MODO BLUETOOTH

1. Version Bluetooth : Bluetooth 5.3, compatible avec les protocoles HFP, A2DP et AVRCP avec commandes vocales. Le nom Bluetooth est « QFX-BT-71 ».
2. Tournez le bouton vers la gauche pour allumer l'appareil. L'enceinte émettra alors un message vocal « Mise sous tension ».
3. Après la mise sous tension, appuyez sur la touche M pour accéder au mode Bluetooth. Un message vocal « Mode Bluetooth » retentira pour accéder au mode de recherche Bluetooth.
4. Appairage Bluetooth : ouvrez l'appareil Bluetooth et recherchez l'appareil « QFX-BT-71 » pour confirmer la connexion. L'enceinte émettra alors un message vocal « Bluetooth est connecté ».
5. Lire la musique : appuyez sur la touche M ► Il pour mettre en pause, puis appuyez à nouveau pour reprendre la lecture. Pendant la lecture, appuyez sur la touche V- / ◀ pour revenir au morceau précédent, maintenez-la enfoncée pour baisser le volume, appuyez sur la touche V+ / ▶ pour passer au morceau suivant, maintenez-la enfoncée pour augmenter le volume. Un bip sonore retentit lorsque le volume est au maximum.
6. Appuyez une fois sur ● pour allumer la lumière blanche, appuyez de nouveau pour allumer la lumière colorée. Maintenez la touche enfoncée pour allumer/éteindre la lumière.

MODO USB/CARTE TF

1. L'enceinte détecte automatiquement l'insertion d'une clé USB ou d'une carte TF et passe en mode USB/carte TF. Vous pouvez également maintenir la touche M ► Il enfoncée pour accéder au mode USB/Carte TF.
2. Pendant la lecture, appuyez brièvement sur la touche V- / ◀ pour revenir au morceau précédent, maintenez-la enfoncée pour baisser le volume, appuyez brièvement sur la touche V+ / ▶ pour passer au morceau suivant, maintenez-la enfoncée pour augmenter le volume. Un bip sonore retentit lorsque le volume est au maximum.

⚠️ WARNING! ⚠️

TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE THE COVER ON THIS SPEAKER. THERE ARE NO USER-SERVICEABLE PARTS INSIDE. REFER ALL SERVICING TO A QUALIFIED TECHNICIAN.

To avoid fire or electric shock, do not expose this equipment to water moisture. Do not store or operate this product near any liquids, heat sources such as radiators, heat registers or other external weather conditions. Clean only with a dry cloth. Users should exhibit extra safety when the **WARNING** or **CUTION** symbol appears in this instruction manual and follow all precautions as they are stated,

⚠️ ADVERTENCIA! ⚠️

PARA REDUCIR EL RIESGO DE DESCARGA ELÉCTRICA, NO QUTE LA CUBIERTA DE ESTE ALTAVOZ. NO HAY PARTES REPARABLES POR EL USUARIO AVANZADO. REFÉRTE TODAS LAS REPARACIONES A UN TÉCNICO CALIFICADO.

Para evitar incendios o descargas eléctricas, no exponga este equipo a la lluvia ni a la humedad. No almacene ni opere producto cerca de líquidos, fuentes de calor u otras condiciones peligrosas. Limpie solamente con un paño seco. Los usuarios deben mostrar una seguridad adicional cuando aparezca el símbolo de **ADVERTENCIA** o **PRECAUCIÓN** en este manual de instrucciones y seguir todas las precauciones tal como se indican.

⚠️ AVERTISSEMENT! ⚠️

POUR RÉDUIRE LE RISQUE DE CHOC ÉLECTRIQUE, NE RETIREZ PAS LE CAPOT DE CET ENCEINTE. IL N'Y A AUCUNE PARTIE RÉPARABLE PAR L'UTILISATEUR À L'INTERIEUR. CONFIÉZ TOUTE RÉPARATION À UN TECHNICIEN QUALIFIÉ.

Pour éviter les incendies ou les chocs électriques, n'exposez pas cet appareil à la pluie et à l'humidité. Ne stockez ni n'utilisez ce produit à proximité de liquides, de sources de chaleur comme des radiateurs, des registres de chaleur ou dans des conditions climatiques extrêmes, nettoyez uniquement avec un chiffon sec. Les utilisateurs doivent faire preuve de prudence lorsqu'ils voient le symbole d'**AVERTISSEMENT** ou de **PRÉCAUTION** dans ce manuel d'instructions et suivre toutes les précautions telles qu'indiquées.

BATTERY

The BT-71 is a rechargeable battery powered PA loudspeaker. Be sure that you have completely charged the battery prior to first use to maximize the battery's lifespan. Once the power adapter is connected to a power source, it will automatically begin charging (6 hours to fully charge the battery) Even if the battery power is low, it will power on when connected to a power source. When the battery is charging, the battery indicator light is red. When the battery charge full, the indicator light will turn off. Upon completion of the charging, please disconnect the unit. When not in use, the speaker should always be set OFF to prevent the unit from draining the battery. When the unit is not used for prolonged periods of time, the battery will gradually lose its power. It is recommended to fully charge the battery at least every 60 days. When the battery is completely charged, the unit cannot perform at 100% of the volume when immediately connected to power source, it is suggested to charge for a while before using with 100% volume. The unit may work and charge with lower-level volume. The volume level would be increased as the unit is charging.

BATERÍA

El BT-71 es un altavoz PA con batería recargable. Asegúrese de haber cargado completamente la batería antes del primer uso para maximizar su vida útil. Una vez que el adaptador de corriente está conectado a una fuente de alimentación, comenzará a cargarse automáticamente (8 horas para cargar completamente la batería). Incluso si la carga de la batería es baja, se encenderá cuando se conecta a una fuente de alimentación. Cuando la batería se esté cargando, la luz indicadora de la batería será roja. Cuando la batería se cargue por completo, la luz indicadora se apagará. Al finalizar la carga, desconecte la unidad. Cuando no esté en uso, el altavoz siempre debe estar APAGADO para evitar que la unidad agote la batería. Cuando la unidad no se utiliza durante períodos prolongados de tiempo, la batería perderá energía gradualmente. Se recomienda cargar completamente la batería al menos cada 60 días. Cuando la batería está completamente vacía, la unidad no puede funcionar al 100% del volumen cuando se conecta inmediatamente a la fuente de alimentación. Si se desea utilizar la unidad a todo volumen después de un tiempo sin usarla con el 100% del volumen, se sugiere cargar con un volumen de nivel más bajo. El nivel de volumen aumentará a medida que la unidad se esté cargando.

BATTERIE

Le BT-71 est un haut-parleur de sonorisation alimenté par batterie rechargée. Assurez-vous d'avoir complètement chargé la batterie avant la première utilisation afin de maximiser la durée de vie de la batterie. Une fois que l'adaptateur secteur est connecté à une source d'alimentation, il commencera automatiquement à s charger (8 heures pour charger complètement la batterie). Même si la batterie est faible, elle s'allumera lorsqu'il sera connecté à une source d'alimentation. Lorsque la batterie est en charge, le voyant de la batterie est rouge. Lorsque la batterie est complètement chargée, le voyant s'éteint. Une fois la charge terminée, veuillez débrancher l'appareil. Lorsqu'il n'est pas utilisé, le haut-parleur doit toujours être éteint pour éviter que l'appareil ne décharge la batterie. Lorsque l'appareil n'est utilisé pendant de longues périodes, la batterie perdra progressivement sa puissance. Il est recommandé de charger complètement la batterie au moins tous les 60 jours. Lorsque la batterie est complètement vide, l'appareil ne peut pas fonctionner à 100 % du volume lorsque vous utilisez immédiatement l'appareil après un temps sans utilisation. Pour utiliser l'appareil à tout volume après un certain temps avant d'utiliser avec un volume de 100 %, l'appareil peut fonctionner et se charger avec un niveau inférieur. Le niveau de volume augmentera à mesure que l'appareil est en charge.

FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received including interference that may cause undesired operation.

FCC ID: 2AOXM-BT579

QFXTX

BT-71

1.Appuyez longuement sur la touche M➤II pour passer en mode radio. L'enceinte émettra un message vocal « Mode radio » et la fréquence de réception sera de 87,5 à 108,0 MHz.

2.En mode FM, appuyez brièvement sur la touche M➤II pour activer la syntonisation automatique. Après la syntonisation, écoutez la première station après avoir quitté la syntonisation, puis appuyez sur les touches haut et bas pour sélectionner la station.

MODE D'APPARIAGE TWS

1. En Bluetooth, appuyez rapidement deux fois sur la touche M➤II de n'importe quelle enceinte pour accéder au mode d'appairage TWS. L'enceinte émettra un message vocal « TWS » (appariage TWS réussi).

2. Une fois l'appariage effectué, les deux appareils peuvent utiliser les boutons.

3. Pour les deux appareils appariés, l'appariage TWS se fera automatiquement en Bluetooth dès la mise sous tension.

MODE DE CHARGE

1. Connectez la prise TYPE-C du câble de charge USB à l'enceinte et l'autre extrémité à un chargeur ou à un ordinateur pour recharger la batterie intégrée.

2. Batterie intégrée : Connectez la prise du câble de données USB à la prise de l'enceinte, qui peut être utilisée pour recharger d'urgence des appareils mobiles et autres.

3. Chargement de la batterie externe : Connectez l'autre extrémité de la prise de la batterie externe à la prise pour la recharger.

4. Pendant la charge, le voyant rouge s'allume et s'éteint une fois la batterie complètement chargée.

PROTECTION BASSE TENSION

1.L'enceinte détecte la tension de la batterie et émet un signal sonore indiquant « Batterie faible, veuillez charger à temps » lorsque la tension est inférieure à 3 V. Elle émet un signal sonore indiquant « Arrêt » et s'éteint automatiquement lorsque la tension de la batterie est inférieure à 3,45 V.

2.Si aucune opération n'est effectuée après la mise sous tension de l'enceinte, elle s'éteint automatiquement au bout de 15 minutes et doit reprendre son fonctionnement normal. (Il est recommandé de charger à temps ou de couper l'alimentation lorsque la tension est insuffisante.)

FCC Statement
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna,
-- Increase the separation between the equipment and receiver,
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected,
-- Consult the dealer or an experienced radio/TV technician for help.
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

ED PRODUCT WARRANTY POLICY

When your Product for service under this Warranty, please (i) read the instruction manual carefully and visit our website at www.qfx.com for Product updates and extended support documentation (e.g., Common Troubleshooting Guides); (ii) if you are unable with your Product, please contact the QFX Customer Support Department.

Terms and conditions herein, QFX, Inc. (herein after called "QFX") warrants to the original purchaser of the Product (i) that for the applicable Warranty Period listed below, the Product will be free from defects in material or workmanship (i.e., non-commercial use as "defects");

QFX does not encompass, as listed below, separate "Coverage Periods" for Parts and Labor, each Coverage Period to begin on the date of Customer purchase. If Customer returns a defective Product (or any component thereof) during the Warranty Period, QFX will, at its option, during the specified Coverage Periods for Parts and Labor (as applicable either: (i) replace the Product, or (ii) replace the component thereof) or (ii) replace the Product (or, as applicable, any component thereof) or refurbished Product (or, as applicable, any component thereof), in either case free of charge to Customer for Parts (or, as applicable) during the specified Coverage Period only, and excluding applicable shipping charges (noted below), for Customer is responsible. The foregoing states the Customer's exclusive remedy and QFX sole liability for breach of the warranty contained herein.

QFX covers only normal use. This warranty is not transferable. QFX is not responsible for warranty replacement should the Product be removed or should the product fail to be properly maintained or fail to function properly as a result of misuse, operation in liquids, improper installation, improper shipping, damage caused by disasters such as fire, flood, or service interruption. In addition, this warranty excludes any Product (or, as applicable, any component thereof) that has been subject to any resulting from: (a) any neglect or misuse by a Customer, an accident, improper operation, violation of operating instructions, or (b) any damage to the Product (or, as applicable, any component thereof) caused by any party other than QFX or a party authorized in writing by QFX, (c) any damage to Product (or, as applicable, any component thereof) due to power surges, incoherent electrical connection to any device, or malfunction of any device used with the Product (or, as applicable, any component thereof), or (d) damage to the Product (or, as applicable, any component thereof) caused by normal wear and tear; and (e) shipping damage while the Product is in transit; (f) damage caused by heat sources, sunlight, electromagnetic conditions, or other causes; or (g) any acts of God.

QFX does not warrant for any commercial, non-commercial use only. Product is not warranted for Customer's commercial or rental use. Product is not warranted against falsification, and should not be used by Customer for any application where (i) there is a data stored on Product will be breached or otherwise compromised, or (ii) the data stored on Product is relied upon for financial applications. QFX disclaims any Warranty for any of the foregoing uses to the fullest extent permitted by law. QFX assumes any and all risks associated with such uses of Product, and agrees to indemnify QFX for any damages claimed by third parties for such uses.

QFX EXPRESS WARRANTIES STATED ABOVE AND TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE MAXIMUM EXTENT OF REMEDY SHALL BE LIMITED TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. IN NO EVENT SHALL QFX BE LIABLE TO CUSTOMER OR ANY THIRD PARTY FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY LOST PROFITS OR LOSS OR INACCURACY OF ANY DATA OR COST OF SUBSTITUTE GOODS, REGARDLESS OF THE THEORY OF LIABILITY (INCLUDING NEGLIGENCE) AND EVEN IF QFX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. QFX ASSUMES LIABILITY TO CUSTOMER FOR ACTUAL DIRECT DAMAGES FOR ANY CAUSE WHATSOEVER SHALL BE LIMITED TO THE MAXIMUM PERMITTED BY LAW. QFX ASSUMES LIABILITY TO CUSTOMER FOR ANY DAMAGES CAUSED BY THE PRODUCT CAUSING THE DAMAGE.

QFX gives Customer specific rights, and Customer may also have other rights that vary from jurisdiction to jurisdiction. In some jurisdictions, products may contain components that are small enough to be swallowed. Please keep out of reach of children. In the event to be processed, you must send the Product PREPARED to the address below in the original packaging or substitute to prevent damage and include: (1) a dated sales receipt (which must have a purchase date that falls in the period specified in the table below) that indicates the place of purchase, PEK-263 number of Product, and amount paid; (2) a description of Customer's problem with Product; (3) Customer's full name, phone number, and return address; (3) all of the that came with the Product package must be sent along with the main Product; (4) a cashier's check or money order for the amount specified for the item in the product table below for return shipping and handling. If in the case provide a money order or cashier's check, you can contact The QFX Customer Support Representative to arrange credit card. No returned Product will be shipped back to a PO BOX. If a returned Product is found to have no problem or not include ALL of the requirements indicated above, it may be returned back to the customer and will not be

BT-71			
BOTH MODE			
Both version: Bluetooth 5.3, supports HFP, A2DP, AVRCP protocols with voice calls. Bluetooth name is "QFX-BT-71". Press the knob to the left to turn on the device, and the speaker will emit a "Power on" prompt. Turning on, press the M key to enter Bluetooth mode, and a "Bluetooth voice prompt will be emitted entering the Bluetooth search mode. Bluetooth pairing status: at this time, open the Bluetooth device to search for the "BT-71" device to confirm the connection, and the speaker will emit a "Bluetooth is connected" voice prompt. Playback function when playing music, press M key to pause, press again to resume playback. When playing music, press V key to skip to the previous track, press and hold to reduce volume, press V key to skip to the next track, press and hold to increase, and a "beep" prompt sound will sound when the volume is increased to the maximum. Press the light key for white light on, press again for color light on. Press and hold to turn off the light.			
CARD MODE			
The speaker will automatically detect and enter USB/T card mode when a USB drive/T card is inserted, or you can press and hold the M key to enter USB/T card mode. Playback V key: key briefly to skip to the previous track, press and hold to increase volume, press V key to skip to the next track, press and hold to decrease volume, and a "beep" sound will prompt when the volume is maximized.			
MODE			
Press and hold the M key to switch to radio mode, the speaker will emit a "radio voice prompt, and the reception frequency 87.5 ~ 108.0 MHz. Press the M key briefly to enter automatic tuning, automatically after the first station after exiting, and press the up and down keys to select the station.			
PAIRING MODE			
Bluetooth quickly press the M key on any speaker twice to enter the TWS mode. The speaker will emit a "TWS" voice prompt sound (TWS pairing successful). Pairing in the paired box mode, both devices can operate the button functions. For devices that have been paired TWS will automatically pair in Bluetooth mode after power on.			
NO MODE			
Connect the TYPE-C plug of the USB charging cable to the speaker, and the other end connect to a computer or power to charge the built-battery of the speaker. Battery: Connect the USB data cable plug to the speaker socket, which can be used for emergency charging of mobile and other devices. External battery charging: Connect the other end of the external battery socket to the plug port for charging. Charging: The red light of the indicator light is on, and the charging indicator light will turn off after the battery is fully charged.
